10 Mbps DSL vs 10 Mbps Fibre - [Solved]

2019/08/30

So I have 4 Mbps DSL right now but I wanna upgrade to fibre, but here's the think in Pakistan fibre and DSL have the same price but fibre has more installation fee (150\$). I was hoping to get fibre but I wanted to know if there will be a difference between 10mbps DSL and 10mbps fibre also should I pay 150\$ or just upgrade to 10 Mbps DSL (I won't have to pay installation for DSL cuz that's what I got RN) , the monthly prices are the same for both and only installation fee is higher for fibre.Ps: there's at least 3 people using WiFi at the same time RN and 6 at maximumTL : DR Is 10mbps DSL and Fibre same , if not is there a 150\$ (only once) difference especially when there's like 4 people using (Also I'm looking for gaming casually on this)

cell phone signal jammer homemade
